

Metrics

Report: Bobo

Chart: SortCollector Memory Manager (Float)

Metric Name | Metric Description — | — cache hits num | cache misses num | hit ratio |

Chart: SortCollector Memory Manager (Int)

Metric Name | Metric Description — | — cache hits num | cache misses num | hit ratio |

Chart: FacetCount Collector Memory Manager

Metric Name | Metric Description — | — cache hits num | cache misses num | hit ratio |

Report: Zoie

Chart: Zoie Stats

Metric Name | Metric Description — | — disk index size | RamA index size | RamB index size | disk index segments | RamA index segments | RamB index segments |

Chart: Zoie Disk Index Stats

Metric Name | Metric Description — | — disk index size | disk free space |

Report: Partitions

Chart: Requests to Partitions

Metric Name | Metric Description — | — request time | num. of requests |

Report: Norbert

Chart: Norbert Request Processor Stats

Metric Name | Metric Description — | — requests rejected |

Chart: Norbert Client Stats

Metric Name | Metric Description — | — average request processing time | requests per second | queue size |

Report: Brokers**Chart: Requests to Brokers**

Metric Name | Metric Description — | — num. of requests | req. to unknown partition (empty) | errors |

Chart: Brokers Timings

Metric Name | Metric Description — | — total time | scatter time | gather time |

Report: Nodes**Chart: Nodes Timings**

Metric Name | Metric Description — | — total search time | search time | prune time | merge time | get reader time | other time |

Report: Indexers**Chart: Indexer Managers Stats**

Metric Name | Metric Description — | — manager indexer events | indexing events |

Chart: Indexer Batch Sizes

Metric Name | Metric Description — | — batch size | update batch size |

Chart: Gateways

Metric Name | Metric Description — | — flush time | docs indexed | docs leftover |
